

WOMEN EMPOWERMENT PROGRAMME

Progress Report

2019-2020

FAMILY COUNSELLING CENTRE:

“Service to mankind is service to god”. We are mainly focusing on women issues, Awareness on Gender Discrimination, Conducting Legal Awareness Camps, and Awareness on Domestic violence Act. We screened the film shows in all colleges and High Schools of three mandals on gender discrimination. We have been running support centre for women from January 2010 onwards. Certain times even the simple issues in the families of rural areas are likely to lead the destruction of family institutions. These issues can easily be resolved at the support centre PRDS is running tailoring centers at Kothacheruvu and Puttaparathi for poor and needy women at free of cost.

Indian National Survey said that- India is developed country. They announced recently. But village development should be done. Now also in villages superstitions are in prevalence. This is a fact, even though it unbelievable. Before civilization women were given importance. But now-a-days male were given importance. All the members talks about gender equality, but not yet seen.

Lower castes are very much below the poverty line due to their circumstances. But Indian constitution has given certain privileges for the development of lower castes. But Indian constitution has given certain privileges for the development of lower castes. Illiteracy, social situations, economic problems, environmental condition, hospitality, family back ground awareness should be brought in the people regarding all these issues. In the modern day scenario, women need a lot of safety, freedom and protection. Women are being subjected to innumerable number of problems and women do not have mental peace in the society. The development of the nation depends up on the strength of character of its people. So, everybody should strive hard for the protection of women in the world.

Girls, women in the society face huge number of problems. Every family had show problem in some farm. PRDS is on it highway to solve their problems to the number possible, so, PRDS is light in many families without lights.

In rural areas the illiteracy is adding fuel to the fire and families could not avail the legal support from the government institutions. We started counseling in our office certain times, even the simple issues in the families of rural areas are likely lead to the destructions of family institutions. These issues can be easily resolved at our counseling centre. From 9 1/2 years we were solved 615 domestic violence cases and we were avoided 78 child marriages only by counseling. Counseling gives good satisfaction to the counselor after solving the cases.

Computer Course:

PRDS runs a computer centre at Kothacheruvu. Computer training is very necessary in the present society and for the development of country's economy. Therefore, PRDS has identified the essence of the computer education in rural areas and started computer education program so that the girls coming from the socially and economically backward communities can come and learn skills in computers.

It is a fact that these trainings are very expensive if want to learn in the private institutes and the quality of teaching is also not to the expected level in small towns like Kothacheruvu.

This course of 3 months duration included basics of computers to exclusive class-room teaching and on-hands sessions in operating system, word processing, desktop publishing software.

We started teaching tally course also (total Accounting Package) from 2 years. Tally ERP9 with GST is important to learn all the B.Com students and others also to get Bank jobs and for office works.

Computer practicing class of students

The beneficiary girls are given practical training for 2 hour in lab along with 2 hours of class room teaching every day. They have to attend fortnightly tests to assess the level of learning so that any students feeling it difficult or not in a position to understand the classes can be given special attention to get the course contents perfectly.

Certificates were distributed for the candidates who have successfully completed the 3 months courses.

Student's opinions:

Name of the Student	Opinion
<p>K.Neelaveni:</p> 	<p>My name is Neelaveni. I am from Kothacheruvu village. PRDS gives support to the women to develop their talent and increasing their confident levels. It's also works for gender equality.</p> <p>I was completed my DSC exams and I will get the job in August month. I can't to stay at home without doing anything. Nowadays every one gives important to the computers. I learnt computers to increase my knowledge. In the colleges nobody teach us computers. So I learnt DCA course. Everybody thinks that English is important to learn computers but with little English we can learn easily. PRDS gives good coaching with less cost. Here faculties are taking special and individual care to everyone. Many small children also attended here due to</p>

	<p>holidays. PRDS screened all the topics by projector. Finally they were conducted the practical and theory tests and they were given the certificates to the students. Certificates are valuable to get good jobs. Computer knowledge is very useful to us everywhere. I am very thankful to the PRDS and staff.</p>
<p>Bharathani</p> 	<p>I am Bharathani. I had completed my DCA course and Tally courses in PRDS. I have completed my intermediate and TTC courses. In summer holidays I learnt computers very well. Here Computer faculties were taught very nicely. Here everyone is good and they have friendly manner.</p>
<p>Dakshayani</p> 	<p>Dakshayani has said that she was initially frightened in the computer. Now she was able to get through. She told that faculties are teaching with patience.</p>
<p>C.Swapna</p> 	<p>C. Swapna has said that it was her first time to mingle with so many people in PRDS after her 15 years life time in Kothacheruvu.</p>
<p>Sharmila:</p>	<p>Sharmila has said that she was happy for the DCA and Tally ERP9 computer courses offered by PRDS. It is very useful for all the students like me.</p>
<p>Manzila:</p>	<p>Manzila said that she has learnt the courses to get a good job in future. Actually they have to learn computer courses in their colleges but they are not teaching, so they came here and they learnt DCA and Tally ERP9 courses and they said their</p>

	gratitude to the PRDS.
C. Harika	C.Harika completed her intermediate and she came to learn here computer courses like DCA and Tally ERP9 to get good jobs in future. I learnt both courses very well because of the faculties. They taught us very well in easy methods and screened by the visualization. I felt very happy to learn here.
B. Rajeswari	Rajeswari has said that she had completed her DCA and Tally ERP9 courses with enthusiasm. After learning she joined as a computer faculty here, she is very much satisfied.
Prathyusha	Prathyusha said that she learnt the DCA course very well. Here everyone behaves well manner.
Anusha	Anusha said that she was very much interested in computer course but due to her economical problems, she did not join anywhere. Now she is very much grateful to the PRDS for the free computer coaching.

After completion of training many students are working as computer faculties, super bazaar, Sai Seva services and some members are working in Bangalore. Nearly 1045 students were trained in D.C.A course since 9 years. And half of the students got jobs in various places. Due to our training programs whoever comes here they are improving their self confidence and leading their life happily.

Opinions of Tailoring Students:

Name of the Student	Opinion
<p data-bbox="212 1234 410 1266">D. Ananditha</p> 	<p data-bbox="721 1234 1518 1623">My name is Ananditha. I was completed my Intermediate. I don't have interest to study. So, I told to my parents and joined in tailoring. Here in PRDS I learnt all the types of dresses like mididy, Jacket, Panjabi dresses, Lehenga etc. I learnt saree kuchulu, cloth and woolen hand bags also. In PRDS they are doing many services like Narayanaseva and conducting many programs Rangoli, women's day etc. we also doing services and participating in all the programs. Here we all mingle together like a family. This is a happy home.</p>
<p data-bbox="212 1724 407 1755">K. Neelaveni:</p>	<p data-bbox="721 1724 1518 1875">My name is Neelaveni. I am from Kothacheruvu village. PRDS gives support to the women to develop their talent and increasing their confident levels. It's also works for gender equality.</p>

I was completed my DSC exams and I will get the job in August month. I can't stay at home without doing anything. So, I came to know about the PRDS and I came here to learn tailoring and computers. I thought that tailoring is very hard to learn but prds made us to learn easily. I used to give my clothes to the tailor to stitch. At that time they are delaying to stitch and they were not stitched properly and collecting more money.

Now I am very happy to say that I can stitch myself and I am stitching for others also and I am earning money. PRDS staff has been selfless services with very less fees. Here everyone speaks nicely with one another. While learning we enjoyed a lot and got good satisfaction. My parents felt very happy and they encouraged me to learn well. I am saying my gratitude to the PRDS and I never forget them.

B.Lakshmi

I am lakshmi' from Talararla Village. Before joined here I was working as a coolie (laborer) and daily doing hard work and hardly getting only 150/- per day. But now after learning tailoring I am earning Rs 500/- to 1000/-per day. We have many problems with loans and all, my husband shouting at me to spend money every day. Because money is not sufficient for our home needs. Now I started stitching and earning good income so everyone giving respect and showing affection on me. I increased my self confidence and trying to lead better life. Everyone should have a talent, we have to recognize it and work on it. Then every woman can develop. If I go to work I have to go out. But everyone should come to me to give their clothes for stitching. PRDS is doing very good services to make us to learn tailoring. Please do this service continuously because it can learn without education also. I have had work in my hand. So, all the members were appreciating and encouraging me at my home. I am saying my gratitude to the PRDS and staff.

K.Suvarna

I am Suvarna I came here along with my friend Saraswathi and started learn tailoring. Now I learnt because of my faculty and stitching well. She has very much patience. I stitched many blouses and dresses. I am very happy to say that by stitching I can earn

money for my family and I can solve our financial problems also. I am very thankful to PRDS for providing this great opportunity.

S.Shahintaj

I am Shahintaj, before joining here I am not doing anything. After joins here I am started earning for my needs. I don't want to ask money to others and I never depend upon others. Now I have build up self confidence. I learnt how to lead life from PRDS staff.

Kanthamma

Kanthamma belongs to Kodapaganipalli Village. She got married 19 years back with Gopi. After the marriage he left her whenever she had give birth her first son. They searched all the places for three years. After three years he came back and lived along with them for 8 months. At that time she got pregnancy again and he was gone away. Now she has two sons, they became big and studying in Inter and 9th class. Till now he didn't come to see them. She faced many problems to lead their family. She is doing small business to earn money. She came here to learn tailoring for six months and she is stitching well. If anybody donates a sewing machine with their kind hearts she can stitch and earn income for their family.

Investment planning for women Date:-22-04-2019.

Venue: PRDS Office, Kothacheruvu.

Everyone needs income to lead their life. People earn money but they are not using that in proper manner. We have to think twice before buying any Item. Is it necessary to buy or not? If we wasted money, we cannot get it back.

Income we can utilize whenever we need. He explained about the uses of PAN CARD and he told everyone has to open Public Provident Fund (PPF) account. By this we can get more profits. All the women showed very much interest to listen and they said their gratitude to conduct such a nice program if we go to post office to save money in the types of bonds like NSC, KVP we can get good interest

Everyone should take life insurance policies; these are very useful after our death. It gives support to our family members. He explained about Sukanya Samrudhi Yojana Scheme. This is very useful for below 14 years girls, they can get good interest. We have to save money for our life protection.

We cannot expect our future. We have to look after our families and we have many responsibilities. We need money to solve our problems like children education, ill health and contagious diseases. If we have money we can solve all our problems. So if we save money from our income we can utilize whenever we need. He explained about the uses of PANCARD and he told everyone has to open Public Provident Fund (PPF) account. By this we can get more profits. All the women showed very much interest to listen and they said their gratitude to conduct such a nice program. 40 women were attended for this program and they asked their doubts in financial matters and clarified.

Date: 19-04-2019. Narayanaseva Venue: PRDS office.

Satya Sai Baba devotee Mano sister belongs to Maleshiya asked us to conduct a program on the occasion of her daughter kavitha ceremony. We were celebrated Narayanaseva in our PRDS office on 19th April. We were started this program with Bhajans and we served the food for all our students. Total 130 students and staff had lunch on that day with the fruits and sweets.

Distribution of Tally certificates program :

Venue: PRDS office, Kothacheruvu.

Date: 17-06-2019.

PRDS, Women support centre distributed the certificates to the Tally students.

Mandal Educational Officer explain about skill development trainings

This course of 45 days duration included basics of computers to exclusive class-room teaching and on-hands sessions in operating system and teaching Tally course for commerce students and Non commerce students also. We are teaching new version ERP9 with GST. Computer instructors Sree vani and Rajeswari are showing their talent in teaching.

The beneficiary girls are given practical training for 2 hours in the lab along with 2 hours of class room teaching every day. We also screen the details of the course. So, they can learn each and everything. They have to attend fortnightly tests to assess the level of learning so that any students feeling it difficult or not in a position to understand the classes can be given special attention to get the course contents perfectly. After completion of their course we were conducted written and practical tests.

Certificates were distributed for the candidates who have successfully completed their course.

We Invites our honorable chief guest Mr. Bhaskar Reddy garu Mandal Education officer to distribute Tally certificates.

Mr. .Bhaskar Reddy Said that to learn skill development courses like tailoring, computers, Home needs making etc. You have to learn different types of courses and get the job

opportunities in different firms. You never worry about your degrees. All the students are thinking that if they pass degree they can get government jobs. But we will get the jobs by our talent. So, every one learn useful courses and increase your knowledge and ready to do suitable job. Prds encourage all the students to develop themselves.

Mr. Prabhakar reddy said that after learning computers and tailoring courses, many of the women got the jobs in garments, sai seva services and the schools. Some of them are stitching at home and earning good income.

PRDS Family Counsellor told Education is important to increase their Knowledge. Everyone has some knowledge by birth. We have to think in which way we can develop and develop our skills in that try to do our best.

Student's opinions:

Sree latha told that she was initially frightened in the computer courses. She was able to get through and she likes this place. While joining she told that she can't able to understand English, but she learnt DCA and Tally course also very well. She appreciated her faculty to encourage her. We learnt here how to speak and how to mingle with others.

Rajeswari said that she was very much interested in computer courses but due to her economical problems, she did not learn till now. Now she learnt very well and working as a faculty here. She got good satisfaction.

BUKKAPATNAM TAILORING CENTRE:

Tailoring center was inaugurated in Bukkapatnam village by the grace of Bhagavan Sri Sathya Sai Baba and with the support of Monika Anna Muller, Germany. PRDS cordially invited all the guests and well wishers. We started this centre with 60 women. All the women have enthusiasm to learn techniques in tailoring. Kalimunni is appointed as a tailoring teacher who worked before here. Our main guest participants are Monika, Sheena, Lallitha, Krishna, Jolanda. Priest did puja program and they cut the ribbon and the cake. Nearly 110 women were trained during the period from December to June-2019.

My name is S.lakshmi. I studied Intermediate. My husband name is chowdappa. He is working as a Masson. We have a son and daughter. I am going to do agriculture work also. I worked so hard in the sunny days and some time works are not available to do. We have financial problems. In this moment somebody told me about this tailoring centre. Then I asked all the details and joined. I learnt very well in few days and I started stitching blouses, dresses to earn money. I also opened a shop to sale tailoring material and I'm getting good income. Now we are leading happy life. We are saying our gratitude to PRDS for providing this good opportunity.

My name is Reshma. I studied intermediate. My husband name is Anwar Basha. He is works as an Electrician. We have one son and daughter. My husband income is insufficient to lead our family. We have financial problems. At that time PRDS conducted a program on Leader Ship Development of Minority Women. They told in the meeting Everywoman has to live with self respect and develop themselves by learning some useful courses like Tailoring, computers, Spoken English etc. So, we want to learn tailoring to work in Garments. We went to the PRDS office to ask that to start a centre in the Bukkapatnam. Then Mr. Prabhakar Reddy went to Monica Madam to discuss about this. Then she agreed and started our centre on 23rd November 2018 regarding Baba Birth day. Now I started learning and I am stitching others clothes to earn money. Now I can pay the fees to my children and I am giving financial support to my husband. Many women are suffering by financial problems. I also want to start a Ladies tailor shop to provide jobs to others. I will make them to do piece work and I also start a small business to sale Sari falls, lining etc. I am saying my gratitude to the PRDS and Monica madam.

My name is Monica. I studied 10th Standard. My husband name is Lokesh. He works as a Mason. We have a son and daughter. We are selling milk and leading our life and sometimes I'm going for labor work. Then also we have financial problems. At that time I heard about this tailoring centre and I was joined immediately. I learnt many types of designs and started earning good money. Now I have confidence that I also can earn good income to lead happy life. I'm very thankful to the PRDS and Monica madam.

My name is Janu. My husband name is Bala Venkatapuram Nabi. We are Muslims. I am illiterate. In our families they wasn't agree to go out. I'm doing sari kuchhulu work and I am earning a little amount of money. My husband is doing very much hard work and earning little. My friend told me about this centre and made my husband to agree to join here. I learnt well and started stitching for others also to earn good income. Here in Bukkapatnam we got good changes and development in our lives. We are very happy with PRDS tailoring centre and my gratitude to Monica madam.

Cutting and stitching practice at Bukkapatnam Centre

Narayanaseva and School Program 3/7/2019.

Today PRDS and Swamy Devotees conducted the Narayana Seva Program with the support and best wishes of our donar Kamala Madam from U.S.A on 3rd of this month. The children felt very happy and enjoyed the program. In order to conduct school programs we went to rural area. This village name is Mylasamudram. Every month we visit a school and we are providing a starting school kit and nutritious food for lunch to all the children. We sang bhajans, narrate stories, and teach value based education and human values. PRDS women support center share their skills with the children as priority. Prabhakar said about good habits and moral values. Sree vani sang a song about math's how to learn in easy methods and she told give respect to the elders and help to the poor and needy. We were distributed 9 school items, fruits and sweets to all the students. Lalitha sister, Sree vani, sreenivas Prasad, Prabhakar and chadrayudu were attended for this program.

School program & Narayanaseva : Date – 16/8/2019.

Seva Done by Kamala Mohammad, Jason Carpenter.

Our school program took place on date 3/7/19, in Bukkapatnam (Mandal also same) neighboring Puttaparthi, Prabhat Rural Development Society conducted Narayana seva with the support and Seva by Kamala Madam U.S.A. Here the Children are mainly from farming communities, who are mostly very poor attend the schools. Every month we visit a school and we give school starting kit and nutritious lunch to all the children. We sing Bhajans, narrate stories and we teach value based education and human values. Prds, women support center share their skills with the children as a priority.

After the Bhajan we were distributed Jilebi (sweet) to all of them.

Prabhakar says children are kind and gentle and they can learn fast. He spoke about good habits and how to adopt them.

Sree vani explained about the class room manners and value of education. "Hands that help are holier than lips that pray." Making this proverb truth, today Swamy devotees from S.A distributed Sweets, 9 School Items and Nutritious food (Vegetable rice, dhal and Raitha).

Neetha and Vimal came to see the program and they were enjoyed a lot. They also made them to play musical chairs and students felt very happy.

Bhavitha school children (differently able children) also attended in this program and they were enjoyed.

RANGOLI-PROGRAMME:

Date: 10-1-2020 Venue: Jagarajupalli-Village

PRDS (Prabhat Rural Development Society) has organized Rangoli competitions in the villages in order to create awareness in the people in the rural areas about the importance of festivals & traditions which are a part of incredible India. PRDS have organized all the Rangoli competitions in order to active the women in the houses and for the mental peace which can be achieved sporting through the Rangoli competitions one can judge. The skills and talents present in the village women and can encourage them for their further competitions. So PRDS selected Jagarajupalli village and conducted Rangoli program.

The chief guests for the events are village Sarpanch, village authorities' village organizers and anganwadi teachers. They were employed to judge the competitions. On 10-01-2020 the Rangoli competitions was conducted. A total of 120 women were participated in the competitions. The first prize has been awarded to Rajamma, second prize to Yamini and third prize to Lakshmikumari. The prize distribution was done by Mounika madam. The gift hampers were given to encourage all the participants. This event was attended by 200 members. In the event Gloria, Yogan, Sheena, Correna, Huburrt, Walter, Joshep and Rasul were attended and they enjoyed about our culture.

Women drawing the Rangolies with colors

Prizes distribution by Monika Anna Mueller

Warm welcome by children

Rangoli competitions brought the festival atmosphere. These competitions bring out the skills and talents among the rural women and encourage them for sharpening their skills. These are open competitions with no age limit. The witness of these competitions awarded First, Second and third prizes as a part of encouraging their spirit, are to be allotted. Everyone felt very happy to conduct this program and all the villagers asked us to conduct this program every year in their village.

Prabhat Rural Development Society (PRDS)

(Regd.No.1902 of 1994)

With Divine blessings of
Bhagwan
Sri Sathya Sai Baba.

Distribution of Volley Ball & Badminton Kits:

Mr. Walter addressing to the students at Zilla Parishad High School- Yenumalapalli.

DISTRIBUTION OF VOLLEY BALL KITS

OUR CHILDREN ARE NOT THUNDERS

Educational sports research survey explained that children don't have sufficient physical exercise. Students are not maintaining their physical fitness properly.

Mumbai-Education sports research survey said that in India school children are not having proper physical fitness, height weight, ratio index in Body Mass Index (B.M.I.). In all the places. Cities, Towns & Villages in all the Gender. (Male or Female).

Physical fitness deficiency is appearing in all the places without gender discrimination. In one week 3 times or more then 3 days physical education is important to become strong all the students in all the schools.

Total 26 states in 86 Cities 326 schools **edu sports** done survey and they were surveyed on 1,69,932 students all those are 7 to 17 years old students.

They tested and identified running ability, strength of physic upper & lower parts and energy of stomach and B.M.I (Body Mass Index) test girls have healthy B.M.I 69% and boys have 62% only.

- 45% boys only can move their body for their needs in normal stage. Girls can move their bodies for their needs are 51%.
- Running ability levels are equal in boys and girls. In metro cities children have healthy 66% B.M.I and others have 65% unhealthy B.M.I. This year its increased 33%.
- Our country they chose 5 places 1/3 children are having unhealthy. These percentages are B.M.I in the middle of India 37% east 36% north 39% south 37% west 34%. In our country most of the children doesn't have physical strength.

Growth of physical education:

5 to 17 years old children has to play daily 1 hour. International surveys said that importance of physical exercises. In India schools has to provide for physical exercise 5 periods for one week.

Adolescent age all the children are facing obesity. Health issues only because of lack of physical exercise. In this survey, children who are doing physical exercises and playing sports are very sharp, they are studying well and they have more concentration.

OUT-DOOR GAMES ARE BEST:

Our ancient day's children are playing with their neighboring children happily. In those days children are playing games are called by Kabaddi, Kothikommachhi, Nela-banda (lower or higher level places), Owngullu-Dukullu (bend and jump), Cricket, Karra-Billa (big stick and small stick), Aedu-penkulata (seven bricks game), Rallata (stones game) (these are all local games). Now-a-days children are not showing interest to play out-door games. Children are always watching television and sitting near the computers after comes from school. The result was children are getting eye-sight and obesity. Parents also thinking, if the children went to play with others they will quarrel together. That's why they are bringing a system and saying them to play in front of them. But it is a big mistake done by them. Sports are essential purpose in life. Every child can ensure good health and build fine physique with the games.

The great advantages of sports that they combine exercise with thrill, excitement and sensation. Due to the games children develops social skills and cleverness. Jumping, hoping, cycling, hockey, volley ball, foot ball, tennis, badminton, swimming- all these give exercise to the limbs and also provide a good deal of excitement and entertainment. Games and sports are very important part in education. Games are increases children I.Q. In university of British Colombia scientists were done a survey on children physical and mental health. Not only these members, international journal of environmental research and public health survey scientists found that children should play out-door games. Parents should encourage games, it gives successful life and there will be admired energy where like P.V.Sindhu, Sakshi Malik. A book worm who takes no share in sports is physically weak. We should encourage our children to show their talent in games. All the world survey reports said that playing games are the best way for the children take out their abilities.

We distributed the volleyball kits to the below schools.

Date	Village	School
04-01-2020	Pamudurthi	Zilla Parishad High School
04-01-2020	Siddarampuram	Zilla Parishad High School
06-01-2020	Nidimamidi	Zilla Parishad High School
06-01-2020	Bandlapalli	Zilla Parishad High School

Monika Anna Mueller addressing the students

Interaction with sports teams

FAMILY COUNSELLING:

In rural areas the illiteracy is adding fuel to the fire and families could not avail the legal support from the government institutions. We started counseling in our office certain times, even the simple issues in the families of rural areas are likely lead to the destructions of family institutions. These issues can be easily resolved at our counseling centre. From 10 years we were solved 923 domestic violence cases and we were avoided 78 child marriages only by counseling.

Family disputes cases : 538+117=655

One time Interaction cases : 144

Early marriages and child issues were solved by us : 91

Dropout rejoined : 33.

Total No. Of cases : 923

Type of cases: 9 (1.) DV=Domestic Violence 2.) IC = Illegal Contact 3) AH= Alcoholism 4) DH= Dowry Harassment 5) ICB= Incompatibility, 6) PII= Parentally in laws involvement, 7) Legal and Civil Cases, 8) Criminal, 9) Child marriages/Child issues)

Sometimes in life everybody needs a shoulder to cry. Emotional support is the greatest service we can render to each other. Our experiences and the cases we deal are basically related to Men irritating the women with their bad habits. (Alcoholism, abusing, misuse of money and illegal's etc), and suppressive attitude. These are the situation under which the women do not find any support from within their locality. At that time counseling gives better solution.

Tailoring report for six months:

Tailoring was taught very well to the women and girls. The management was very good, Tailoring teachers Yellamma and Bhargavi gave good coaching to all of them.

Tailoring Training Program

In addition to that we are giving good coaching in computer course, spoken English course, beautician course to provide self employment to more people. We are distributing certificates to everyone after completion of course. While giving coaching we are encouraging to build-up their self-confidence and be courageous. The society is being developed with the help of everyone working for the society. Tailoring training course needs lots of patience and work efficiency. The tailoring program could not be a success without a proficient tailoring instructor. That is Yellamma.

2018	April to June	Puttaparthi	60

Students are Learning how to cut a Blouse. A Bag stitched by Yellamma and Presented by Lalitha ma'am to Narayyanamma.

Computer Programme:

Computer Training Program

PRDS runs a computer centre at Kothacheruvu. Computer training is very necessary in the present society and for the development of country's economy. Therefore, PRDS has identified the essence of the computer education in rural areas and started computer education program so that the girls coming from the socially and economically backward communities can come and learn skills in computers.

Students are doing practice by the computers.

It is a fact that these trainings are very expensive if want to learn in the private institutes and the quality of teaching is also not to the expected level in small towns like Kothacheruvu.

This course of 3 months duration included basics of computers to exclusive class-room teaching and on-hands sessions in operating system, word processing, desktop publishing soft ware, M.S. Office, Excel, power point presentation, Access, Internet etc. Computer instructors Amrutha vani and Sreevani is showing their talent in teaching.

The beneficiary girls are given practical training for 2 hour in the lab along with 2 hours of class room teaching every day. They have to attend fortnightly tests to assess the level of learning so that any students feeling it difficult or not in a position to understand the classes can be given special attention to get the course contents perfectly.

Certificates were distributed for the candidates who have successfully completed the 3 months courses.

Student's opinions:

Priyanka: Priyanka told that she was initially frightened in the computer faculty she was able to get through and she likes this place.

Nandini: Nandini said that she was happy for the tailoring and computer courses offered by PRDS. It is very useful for the poor women like me.

Tejaswini: Tejaswini said that she was very much interested in computer course but due to her economical problems, she did not join anywhere. Now she is very much grateful to the PRDS for the computer coaching.

Sai prabha: Sai Prabha told that it was her first time to mingle with so many people in PRDS after her 15 years life time in Kothacheruvu.

After completion of training many students are working as computer faculties, super bazaar, Sai Seva services and some members are working in Bangalore. Nearly 1088 students were trained in D.C.A course since 8 1/2 years. And half of the students got jobs in various places. Due to our training programs whoever comes here they are improving their self confidence and leading their life happily.
